

Selectors Report 2022

Well, another Pennants Season is done and dusted, and while we didn't have one of our greatest seasons, we still managed to be competitive in the divisions we competed in.

Springwood Men's Bowling Club entered three pennants' teams into the new divisional format this year.

Our Division Two team was competitive and came second to our old nemesis, Hazelbrook.

Division Three team were also very competitive and came second in this division.

Division Four had a very slow start but improved as the season progressed. A good win over Penrith in the last round shows the potential of this side.

I want to thank our team managers, Kay Neiche, Tony Mulligan and Leonie Perrin, for their efforts each week in supporting our sides.

Thank you to my fellow selectors John Auton, Ian Sullivan and Tony Jordan for their efforts this year. Being a selector is an onerous task, and these guys did a great job making sure we had competitive teams on the greens each week.

Thank you to Brian Rich and his team of Social Selectors who ensured that our Social Bowls Program operated smoothly each week.

The next event for our selectors to look at will be the 2022/23 Bowls NSW Open State Pennant competitions which cannot be played prior to 14 January 2023 and must be completed by 31 May 2023.

Graham Hodgkins

Chairman of Selectors
